CAL HUME

Product Sheet

30% HA, 9% Calcium Humates

A concentrated source of humic acids and calcium. Naturally-occurring, unaltered oxidized lignite and CaCO₃. Guaranteed analysis 30% humic acids and 9% calcium, pH 5.3. Lignite mixed with CaCO₃, crushed to 200 mesh and pelletized to SGN 200. Adds naturally occurring materials to your soil to enhance uptake of nutrients and stimulate soil microbes. 1-3 mm dark grey pellets. Private labeling available.

APPLICATION RATES:

200-500 lbs. per acre, broadcast in fall, post-harvest or early spring, either pre-plant or with seed. Can be applied to all crops. Specific application data available upon request.

AVAILABLE BAGGING:

50 lb. Paper Kraft Bagging

Our fifty-pound bags are "blow-in" type bags with 2 paper layers and an inner layer of impermeable plastic. Air holes in the bags allow the product to be blown in through an opening in the top of the bag. This opening is self-closing when the bag is filled to capacity. Fifty-pound bags are stacked on 40x48" pallets for shipping, with 45 bags to the pallet (2,250 pounds of product per pallet. The pallets themselves weigh 50 pounds). Shrink wrapping of palletized bags is available upon request. The bags are a plain brown paper with no printing. Pre-printed customer bags can be filled upon request.

1 Ton Mini Tote Bags

The most popular method for shipping our products is in mini-bulk bags, each of which holds approximately 1 ton of product. These bags are made of a synthetic material and are resistant to moisture. The bags are "duffel top", meaning they can be tied closed at the top. A spout on the bottom of the mini-bulk bags is tied closed for filling and can be opened to allow dumping of the product into a hopper or mixer. Straps at the four top corners of the bags allow easy handling with a forklift. We can ship mini-bulk bags on pallets (36x26") upon request.

Bulk

Granular humate products can be shipped in larger bulk storage containers such as grain trucks (hoppers), belt trailers, etc. Please inquire if you are interested in bulk shipments.
