SOLUBLE HA - HUMIC ACIDS

Product Sheet

Concentrated Source of Humic Acid - Wettable Powder

All Natural Soil Conditioner - Net Weight 50 lbs.

A concentrated source of humic acids which makes a liquid solution containing up to 17.5% Humic Acid (by weight). Solution is stable over a broad range of pH (0.5-14) and can be mixed with any liquid fertilizer without unexpected precipitation. Adds organic material in liquid form with a high percentage of humic/fulvic acids to your plants to enhance uptake of nutrients.

APPLICATION RATES:

2-3 lbs. per acre as a foliar application, 2-3 times per growing season recommended for row crops and forages. Plants need to be just past the seedling stage - about 25% coverage of the ground before the first application. Second application is usually just before flowering, or just before the onset of the reproductive stage of the crop. The 3rd application would be early in the grain fill or fruit/vegetable sizing stage.

AVAILABLE BAGGING:

50 lb. Paper Kraft Bagging

Our fifty-pound bags are "blow-in" type bags with 2 paper layers and an inner layer of impermeable plastic. Air holes in the bags allow the product to be blown in through an opening in the top of the bag. This opening is self-closing when the bag is filled to capacity. Fifty-pound bags are stacked on 40x48" pallets for shipping, with 45 bags to the pallet (2,250 pounds of product per pallet. The pallets themselves weigh 50 pounds). Shrink wrapping of palletized bags is available upon request. The bags are a plain brown paper with no printing. Pre-printed customer bags can be filled upon request.

1 Ton Mini Tote Bags

The most popular method for shipping our products is in mini-bulk bags, each of which holds approximately 1 ton of product. These bags are made of a synthetic material and are resistant to moisture. The bags are "duffel top", meaning they can be tied closed at the top. A spout on the bottom of the mini-bulk bags is tied closed for filling and can be opened to allow dumping of the product into a hopper or mixer. Straps at the four top corners of the bags allow easy handling with a forklift. We can ship mini-bulk bags on pallets (36x26") upon request.
